Tilak Kasturi

Founder & CEO
tilak@predii.com

Tilak is an innovator, entrepreneur, and an engineer with over 20 years of enterprise software, enterprise big data and applied artificial intelligence experience. Tilak stands at the forefront of predictive big data, driving one of the most impactful developments in the automotive and industrial sectors.

Tilak is Founder & CEO of Predii, an AI Software company providing insights and advanced analytics for customer support and service.

Prior to Predii, Tilak has held several technology leadership roles at Radion (a cancer treatment management software), iLoop Mobile (Mobile platform), eVolution Global Partners (a Corporate VC fund), and Time Warner.

Tilak holds several degrees, including a B.S. in Electrical Engineering from National Institute of Technology, (India), an M.S. in Computer Science from the Florida Institute of Technology, and an M.B.A. from the University of Central Florida. He is a member of the Artificial Intelligence Program Committee for the IOT Solutions World Congress. Tilak has recently been awarded with the Start-up Disruption Award by the UC Berkeley's Garwood Center for Corporate Innovation.
